## Why AMP Australian Fixed Interest Index?

1. Low-cost way to access a diverse range of underlying securities.
2. Passive security replicating standard indices and deliver consistent performance.
3. An efficient investment solution leveraging market leading expertise and scale.
4. Highly liquid investment.

## Target Investor

This product is intended for a consumer who is seeking capital preservation and potentially some income distributions. It has a medium risk/return profile and is intended for use for up to a core component of an investment portfolio. It is likely to be consistent with the financial situation and needs of a consumer with a minimum investment timeframe of 3 years and who is unlikely to need to withdraw their money on less than one week's notice.
